

Developing Activity M&E Plans and Documenting PIRS

April 4, 2016

Pre- Training Quiz

No:

Question One (fill in the blank):

For each of the definitions below, choose the term/acronym from the list that best matches the definition provided. There is only one term per definition.

Activity	Evaluation	Target	AMEP	PMP	PIRS
----------	------------	--------	------	-----	------

- 1- The specific, planned level of result to be achieved within an explicit timeframe with a given level of resources.

Answer: _____

- 2- A tool to plan and manage the process of monitoring, evaluating, and analysing progress toward achieving results identified in a CDCS and project LogFrame at the Mission level.

Answer: _____

- 3- The systematic collection and analysis of information about the characteristics and outcomes of programs and projects as a basis for judgments, to improve effectiveness, and/or inform decisions about current and future programming.

Answer: _____

- 4- A plan for monitoring and evaluating USAID activities at the activity/implementing mechanism level.

Answer: _____

- 5- A document that provides a comprehensive record of a given performance indicator.

Answer: _____

Question two (True or False):

In the space provided, write the letter (T) if the statement is TRUE and the letter (F) if the statement is FALSE.

- 1- The Activity Monitoring and Evaluation Plan (AMEP) must remain the same throughout the life of the activity.

Answer: _____

2- All people-level indicators must be disaggregated by sex.

Answer: _____

Question Three (Multiple Choice):

Circle the correct answer.

1- An Activity Monitoring and Evaluation Plan (AMEP) should be submitted to USAID AOR/COR within _____ of an award and before major activity implementation begins.

- a) 60 days
- b) 90 days
- c) 180 days
- d) 1 year

2- One of the following is not part of a Performance Indicator Reference Sheet

- a) Performance Management Plan
- b) Definition of the indicator
- c) Unit of Measure
- d) Required Disaggregation
- e) Data Source

Question Four:

Indicate whether the statement provided better represents a characteristics of “Standard/F indicators” or “Custom indicators” by writing “X” in the appropriate column.

#	Statement	Standard/F indicators	Custom indicators
1	Standardized definition, unit of measure and data source via the indicator handbook.		
2	Will only reflect progress within each country or activity context		
3	Produce data that can be aggregated across Missions.		
4	May more directly measure achievement of activity results.		
5	Primarily for USAID reporting purposes (e.g. Annual PPR).		
6	Most useful for managers in the field.
